3.1.4 Institution has created an eco-system for innovations and other initiatives for creation and transfer of knowledge that include

Participative efforts (brain storming, think tank, etc.) to identify possible and needed innovations

2.Encouragement to novel ideas

3.Official approval and support for innovative try-outs

4.Material and procedural supports

Certainly! Below is the revised version of your content, with a consistent writing style across all paragraphs:

The principal and management at our college are steadfast supporters when it comes to trying out new and creative ideas for events. They work closely with students, teachers, and staff members, actively listening to everyone's thoughts and suggestions. With their backing, we can turn our ideas into reality by providing guidance and the necessary financial assistance. This teamwork and support from our leaders enable us to organize events that are both enjoyable and educational. It is this spirit of cooperation and encouragement that makes our college community such a vibrant and dynamic place to be.

Over the past five academic years, St. Joseph's Training College has been at the forefront of fostering innovation and experimentation within its ecosystem. The college has organized an array of projects, workshops, seminars, experiential learning opportunities, community engagement activities, and literary programs that collectively nurture creativity and intellectual growth. These initiatives reflect the institution's commitment to creating a learning environment that encourages exploration and discovery.

The morning assembly, coordinated by an endorsement group of students, serves as a vibrant platform for the creation and transfer of knowledge within the school community. By offering opportunities for student-teachers to showcase their skills through activities such as discussions on current issues, book reviews, day celebrations, and yoga practices, this initiative promotes a culture of learning and collaboration. The diverse range of activities encourages

active participation, critical thinking, and the exchange of ideas, thereby enriching the educational experience.

Eleven clubs are actively functioning in the college, consistently organizing a variety of innovative academic and outreach programs. These clubs not only enhance the educational environment but also provide opportunities for innovative try-outs. By offering students the chance to experiment with new ideas and approaches, the clubs foster creativity, encourage collaboration, and support personal and academic growth. Through these initiatives, students are empowered to develop their skills and contribute meaningfully to the college community.

The Fine Arts competitions and the College Magazine serve as platforms where students can creatively express their innovative ideas through literary and artistic endeavors. These outlets foster a culture of exploration and expression, allowing students to explore their talents and share their creativity with the broader college community.

Workshops on teaching and learning aids offer students a hands-on opportunity to foster creativity in educational material design. By engaging in practical exercises, students explore diverse approaches to teaching and learning, encouraging innovation in the classroom. This initiative empowers students to unleash their creativity, develop essential skills, and make significant contributions to the field of education.

Engaging in student-led minor projects within different courses provides students with the opportunity to explore real-world issues related to their studies. Through hands-on investigation and theoretical application, students analyze problems and propose innovative solutions, developing critical thinking skills while deepening their understanding of course material. These projects are instrumental in bridging the gap between theory and practice.

Workshops on art and drama serve as a cornerstone for creative expression, offering students a platform to explore emotions, narratives, and perspectives. Through these workshops, students delve into the realms of imagination, honing their skills in storytelling, character development, and stagecraft. This exploration fosters a deeper understanding of the arts and encourages personal growth through creative endeavours.

E-content development workshops equip students with the tools to transcend traditional learning boundaries. By crafting digital content, students engage with technology as both creators and consumers, leveraging multimedia platforms to convey ideas effectively. This hands-on approach encourages them to think critically about content delivery, accessibility, and audience engagement, laying the groundwork for innovative educational practices.

Video recording and editing workshops further enhance students' digital literacy and storytelling abilities. By mastering the art of visual communication, students learn to

manipulate imagery, sound, and narrative structure to convey powerful messages. These skills empower them to explore complex concepts, document their creative processes, and share their work with a global audience, fostering collaboration and feedback loops.

By organizing international conferences and seminars, St. Joseph's Training College provides students with opportunities to learn, grow, and make meaningful contributions to their fields of interest. These events expose students to global perspectives and cutting-edge research, enriching their academic experience and broadening their horizons.

The Young Innovators Programme collaborates with students to offer opportunities for contributing innovative ideas for societal development. Through this program, students explore their creativity and problem-solving skills to address community issues. They engage in a supportive environment that encourages experimentation and collaboration. Mentoring, workshops, and real-world projects equip participants to turn ideas into impactful initiatives. This program fosters a culture of innovation and social responsibility among students, preparing them to work towards a better future.

In summary, St. Joseph's Training College has cultivated a vibrant environment where students are encouraged to explore, innovate, and make a difference. Through a wide range of activities, including workshops, projects, and community engagements, students are empowered to think creatively and contribute positively to society. Whether through the arts, digital content, or solving real-world problems, the college supports students at every step, fostering a culture of innovation and social responsibility that prepares them to become leaders in their fields.

MORNING ASSEMBLY

DISCUSSION ON CYBER BULLYING AND ONLINE HARRASSMENT

on 6th December 2023

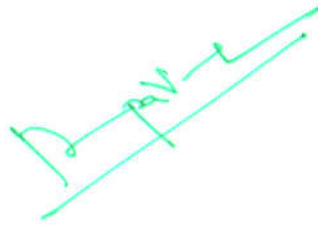

The morning assembly on 6th December 2023 coordinated by Endorsement Group 8, began at 9:30 a.m. with a prayer song by Sister Trinity, Nimmi, and Nivedita, setting a peaceful tone. Lamiya and Gayathri then introduced the topic of cyberbullying and online harassment, leading to an insightful discussion. Representatives from Groups 3, 4, 5, 6, and 7 shared their thoughts and personal experiences, highlighting the challenges of cyberbullying and ways to deal with it. The contributions from various group

WORKSHOP ON LEARNING AIDS

July 1st 2022

In each academic year, a workshop on the preparation of learning aids is conducted during the second semester. This training includes the development of various tools, such as Narrative Charts, Tabular Charts, Flipcharts, Process Charts, Tree Charts, and the construction of working and skill models, organized by optional subjects. By engaging in hands-on creation and design, participants were encouraged to think creatively and critically, enhancing their ability to develop innovative, effective learning aids tailored to diverse educational needs.

SURVEY ON LIFESTYLE DISEASES
June 6th and 7th, 2023

St. Joseph's Training College, Pavaratty, and the Primary Health Centre, Pavaratty, jointly organized a survey on lifestyle diseases among individuals in different wards of pavaratty Grmapanchayath on June 6th and 7th, 2023. The primary aim of the survey was to plan activities aimed at addressing lifestyle diseases prevalent among the inhabitants of Pavaratty. Accompanied by AASHA workers, students visited different wards to gather data and insights. The outcome of the survey revealed crucial information regarding prevalent lifestyle diseases, contributing factors, and community health needs.

FILD WORK IN CONNECTION WITH HARITHAMITHRAM PROJECCT OF PAVARATTY, GRAMAPANCHAYATH

27th March 2024

The 'EUNOIA' English Club of St. Joseph's Training College, in collaboration with Pavaratty Gram Panchayat, organized a one-day fieldwork program on March 27, 2024, focusing on the Harithamithram Smart Garbage Management System. The objective was to engage student-teachers in government initiatives at the Panchayat level. During the training session, 41 students learned about the Harithamithram mobile application developed by the Kerala State Suchitwa Mission. Each student then visited 20 households across different wards of Pavaratty Gram Panchayat to assist with registration on the web portal. This initiative successfully fostered community engagement through collaboration with government projects.

NADAKA KALARI

(30-08-2022)

The Nadakakalari, a drama workshop held at St. Joseph's Training College on August 30, 2022, aimed to improve theatrical skills and encourage creativity. Led by Anish Ravi and his skilled team, the event helped participants develop their acting, scriptwriting, and stagecraft abilities. Through hands-on learning and teamwork, attendees explored the art of storytelling and performance, gaining a greater appreciation for drama. The workshop provided a chance for aspiring actors and drama lovers to express their creativity, making it an inspiring and enjoyable event that celebrated the power of theater.

PUPPETRY WORKSHOP

January 11th and 12th, 2024

The puppetry workshop held at St. Joseph's Training College on January 11th and 12th, 2024, successfully explored the techniques and applications of puppetry, fostering creativity and its integration into education and art. Led by Mr. Mibin B., participants gained hands-on experience in puppet construction, manipulation, and storytelling. The workshop not only enhanced participants' puppetry skills but also equipped them with the tools to engage audiences more effectively through this unique art form. By the end of the event, attendees were inspired and better prepared to incorporate puppetry into their teaching or artistic practices, gaining a deeper appreciation for its potential to captivate and educate.

ICT WOKSHOP

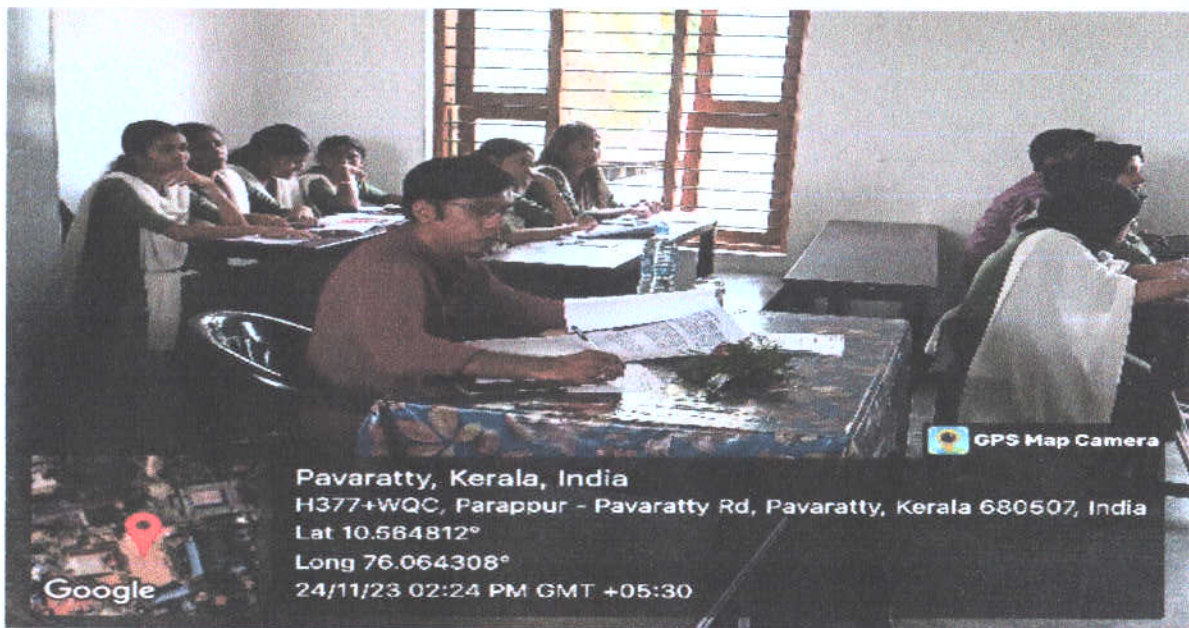

November 10, 2022

The ICT workshop held at St. Joseph's Training College on November 10, 2022, successfully enhanced participants' ICT skills and fostered a collaborative learning environment. Led by Mrs. Sini K V, the session covered a wide range of ICT topics, from basic computer literacy to advanced tools and applications. Through hands-on learning and interactive discussions, attendees gained practical skills that enabled them to create creative and innovative ICT learning aids. This training equipped participants with the knowledge and confidence to effectively integrate technology into their academic and professional work, preparing them to thrive in an increasingly digital world.

PAPER PRESENTATIONS OF STUDENT TEACHERS IN NATIONAL AND INTERNATIONAL CONFERENCES
November 24th to 25th, 2023

St. Joseph's Training College, Pavaratty, hosted two significant conferences in collaboration with Mahajubilee Training College, Mulloorkkara, and St. Joseph's Training College, Mannam. The first event, a national conference titled "Addressing Diverse Needs in Inclusive Education: Strategies for Equitable Learning Environment," took place from November 24th to 25th, 2023. The second event was an international conference, "Empowering Every Learner: Bridging Gaps with Inclusive Education and Assistive Technology," held on December 20th and 21st, 2023. This conference included collaboration with GVM's Dr. Dadavaiya College of Education, Goa. Students from St. Joseph's Training College actively participated by presenting papers at both seminars, and selected papers were subsequently published in an edited book.

YOUNG INNOVATORS PROGRAMME

5th March 2024

On 5th March 2024, Second Semester B.Ed. students at St. Joseph's Training College attended an orientation for Kerala state's Young Innovators Programme, organized by the Kerala Development and Innovation Strategic Council (K-DISC). This programme encourages young minds to propose innovative solutions to various challenges. During the session, it was also highlighted that a project submitted by Fourth Semester B.Ed. students in the previous year, on the theme "Problems of Children" (IDEA ID 20224), was selected for the District Level Evaluation. The idea, submitted by Mariya Jomy, Roshna, and Ann Mary Antony, was recognized for its creativity and relevance, marking a significant achievement for the students. Their participation in the programme reflects both their problem-solving abilities and the college's commitment to fostering innovation and addressing real-world issues.
