National Mathematics Day Celebration

December 20, 2021

The National Mathematics Day was celebrated with great enthusiasm at St. Joseph's Training College, Pavaratty on December 20, 2021. This special day, dedicated to the legendary Indian mathematician Srinivasa Ramanujan, was organized by the B.Ed Mathematics students of the 2021-23 batch. The event aimed to honor Ramanujan's contributions to mathematics and promote a love for the subject among students. The celebration began with a presentation on the life and works of Srinivasa Ramanujan. The B.Ed students meticulously prepared and delivered a comprehensive presentation that highlighted Ramanujan's extraordinary mathematical abilities, his contributions to number theory, continued fractions, and infinite series, as well as his inspiring journey from humble beginnings to becoming one of the greatest mathematicians of all time.

In addition to the presentation, the organizers planned various engaging activities and online games that aimed to blend fun with learning. One of the most innovative events was a Mobile Photography competition on the topic "Fractals." Participants were encouraged to explore their surroundings and capture images that depicted the concept of fractals, a fascinating mathematical phenomenon found in nature, art, and architecture. The competition saw a wonderful array of creative entries, each showcasing a unique perspective on fractal patterns. Another interesting activity was Caption Writing for a Picture. Participants were given a thought-provoking image related to mathematics and were asked to come up with a catchy and meaningful caption. This event not only tested the participants' creativity and language skills but also their ability to think critically and connect concepts from mathematics to everyday life. Another activity was an online thrilling Treasure Hunt, where participants were given a series of mathematical clues and puzzles to solve. This activity was designed to encourage teamwork, problem-solving, and quick thinking among participants. It was a highly engaging event that saw enthusiastic participation and created a sense of excitement and competition. Overall, the National Mathematics Day celebration at St. Joseph's Training College was a resounding success. It left a lasting impact on all participants, inspiring them to appreciate the beauty and importance of mathematics in our lives.

ACADEMIC YEAR 2022-2023

Environment Day Celebration

6th June 2022

Objectives of Environment Day Celebration

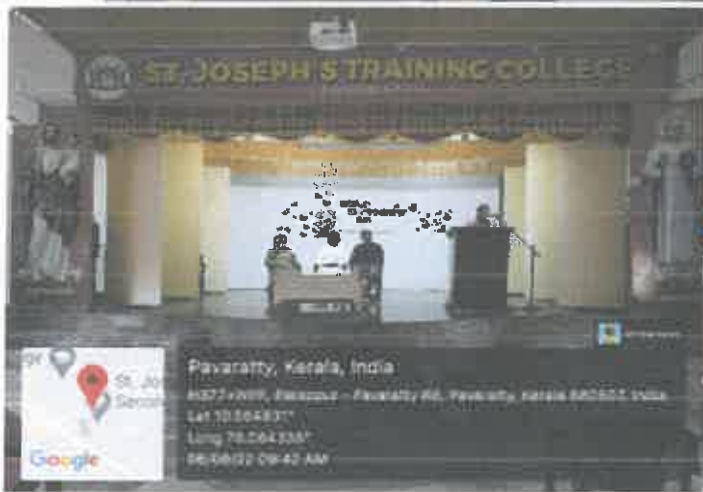

1. To raise Awareness about Environmental Conservation
2. To inspire and promote sustainable practices among the participants.

On June 6, 2022, St. Joseph's Training College, Pavaratty, in collaboration with the Nature Club, organized a vibrant celebration in honor of World Environment Day. The event aimed to raise awareness about environmental conservation and promote sustainable practices among students and the wider community. The celebration featured a series of engaging competitions, blending online and offline formats to maximize participation and creativity.

One of the highlights of the event was the online poem recitations competition. Students and participants were invited to compose and present poems that reflected themes of environmental sustainability, biodiversity, and the importance of protecting our planet. The competition showcased the creative talents of the participants while emphasizing the significance of nature conservation through poetic expression. Simultaneously, an offline poster making competition was held on the college premises. Participants were encouraged to unleash their artistic abilities by creating visually compelling posters that conveyed powerful messages about environmental stewardship. The posters served as colorful reminders of our responsibility to preserve and protect the natural world. The Environment Day celebration fostered community engagement and encouraged active participation from students and local residents alike. The Nature Club's efforts in organizing these competitions provided a platform for individuals to express their concerns about environmental issues and inspired collective action towards positive change. The Environment Day celebration at St. Joseph's Training College, Pavaratty, organized by the Nature Club, was a tremendous success.

Celebration of National Science Day

28th February 2023

Objectives of the celebration of National Science Day

1. To promote Scientific Curiosity and Innovation and engage students in activities that showcase the marvels of science and technology.
2. To highlight the significance of scientific contributions in shaping the modern world and addressing global challenges.

St. Joseph's Training College in Pavaratty celebrated National Science Day on February 28, 2023, organized by the Physical Science club "Mistic." The event was a tribute to scientific innovation and discovery, engaging students in activities that showcased the marvels of science and technology.

One of the highlights of the celebration was the Intercollegiate Online Mobile Photography Competition, which encouraged participants to capture scientific themes and phenomena through the lens of their mobile cameras. This competition not only showcased the creative talents of students but also promoted an appreciation for the visual aspects of science. Participants enthusiastically submitted their photographs, depicting various scientific concepts, experiments, and natural phenomena. The competition fostered a sense of curiosity and exploration among students, encouraging them to engage with science in a unique and artistic manner.

In addition to the photography competition, the celebration included a captivating drama performance centered around the life and work of Thomas Alva Edison, one of the most prolific inventors in history. The drama highlighted Edison's groundbreaking inventions and his relentless pursuit of scientific knowledge, inspiring students to embrace curiosity and innovation. The drama not only entertained the audience but also educated them about the significance of scientific contributions in shaping the modern world. It served as a reminder of the importance of scientific inquiry and experimentation in driving progress and improving lives.

There were discussions and presentations focusing on the theme of National Science Day, emphasizing the role of science and technology in addressing global challenges and promoting sustainable development. The event encouraged students to explore the wonders of science, fostering a spirit of curiosity, innovation, and scientific inquiry within the college community. It underscored the importance of celebrating scientific achievements and inspiring future generations to pursue careers in science and technology.

World Environment Day Celebration

5th June 2023

Objectives:-

1. To highlight the importance of protecting the environment and promoting sustainable practices through various activities and presentations.
2. To demonstrate how the event fostered engagement through interactive activities like quizzes and games, and to inspire participants to take concrete steps towards environmental stewardship and sustainable living.

On June 5, 2023, St. Joseph's Training College in Pavaratty celebrated World Environment Day with enthusiasm and purpose, thanks to the efforts of Nature Club Earthlinks. The event was organized to raise awareness about environmental conservation and sustainable practices among students and staff. The celebration commenced with a captivating video presentation that highlighted the importance of protecting our environment and the pressing need for action to combat climate change. This video served as an eye-opener, showcasing the beauty of nature and the challenges it faces due to human activities. Following the video, a Quiz Competition was conducted, engaging participants in thought-provoking questions related to environmental issues, biodiversity, and conservation efforts. The quiz not only tested knowledge but also served as an educational tool to inform and inspire the audience.

Apart from the intellectual challenge of the quiz, engaging games were organized to make the event interactive and enjoyable. These games were designed to reinforce key environmental messages and foster a sense of camaraderie among the participants. Through these activities, participants learned valuable lessons about sustainable living and the impact of individual actions on the planet. The World Environment Day celebration at St. Joseph's Training College was a testament to the commitment of Nature Club Earthlinks in promoting environmental awareness and sustainability within the campus community. The event succeeded in sparking conversations about environmental stewardship and encouraging individuals to take concrete steps towards preserving our planet for future generations.

Christmas Celebration

22nd December 2023

Objectives of the Christmas Celebration at St. Joseph's Training College are:

1. Foster a sense of warmth, love, and community spirit, thereby enhancing the sense of togetherness within the college community.
2. Encourage creativity, teamwork, and active participation among students, making the festive season enjoyable and memorable for all involved.

The joyous spirit of Christmas filled the halls of St. Joseph's Training College, Pavaratty, on December 22, 2023, as the College Union organized a festive celebration to mark the holiday season. The event featured a series of activities and competitions, bringing together students, faculty, and staff in the spirit of warmth and camaraderie. The official function commenced with a heartfelt Christmas message delivered by our esteemed Manager, Rev. Fr. Joseph Alappatt CMI, and our Principal, Dr. Deepa Varghese. Their inspiring words centered around the themes of love, peace, and goodwill, encapsulating the true essence of Christmas and its significance in our lives. One of the highlights of the celebration was the Carol Fest competition, where students performed Christmas carols with Infant Jesus, Mother Mary, St. Joseph and other members in Crib in a fantastic way. The festive melodies resonated throughout the campus, spreading cheer and holiday cheer.

In addition to the Carol Fest, several engaging competitions were organized, including Crib Making, Christmas Card Making, and a lively Cake Eating contest. These activities encouraged creativity, teamwork, and festive participation among the students, adding an element of fun to the Christmas celebration. As part of the Christmas tradition at St. Joseph's Training College, the concept of "Christmas Pappa" was embraced, where students exchanged secret gifts with a designated "Christmas Friend," spreading joy and surprise among peers.

National Science Day Celebration

6th & 7th March 2024

Objectives of the National Science Day Celebration:

- 1. To honor the significant scientific contribution of Sir C.V. Raman, whose discovery of the Raman Effect**
- 2. To stimulate students' interest in science, encouraging them to explore scientific concepts, enhance their problem-solving abilities, and foster a spirit of innovation.**

On 2024 March 6th and 7th, St. Joseph's Training College, Pavaratty, celebrated National Science Day with enthusiasm, organized by the Physical Science Club. The event aimed to commemorate the discovery of the Raman Effect and promote scientific curiosity and innovation among students. The celebration featured engaging activities and games designed to challenge participants' scientific knowledge and problem-solving abilities.

Activities Conducted:

Team-based Games: Students were grouped into teams based on their optional subjects. Each team participated in interactive and educational games that required collaboration and critical thinking.

Online Puzzle Game: A captivating online puzzle game was conducted where participants had to open five files by deciphering passwords from given clues. The clues were related to scientific concepts and discoveries, adding an educational twist to the challenge. Each password unlocked a file containing a new clue, and the participant that successfully opened all five files first was declared the winner.

The puzzle game encouraged participants to apply their scientific knowledge and analytical skills in a fun and competitive environment. It fostered teamwork and problem-solving capabilities among students, highlighting the practical application of science in solving real-world challenges. By engaging students in interactive activities and games, the National Science Day Celebration at St. Joseph's Training College, Pavaratty, inspired a deeper appreciation for science and its role in shaping the future.

mathematics. The celebration commenced with a series of engaging activities and competitions designed to challenge and entertain students while highlighting the fun side of mathematics.

One of the key competitions involved a word game, where students were grouped into teams based on their optional subjects. Each team was tasked with finding the maximum number of words starting with the prefix "Pi" within a given time limit. This activity encouraged creativity and linguistic skills among participants. First year Natural Science Optional group won the first prize in "Pi" words. Another exciting competition tested students' mathematical prowess with a series of tricky math questions. For that selected two members from each optional groups. Participants were required to solve the questions and arrange the answers in ascending order. Once completed, the answers revealed a hidden message: "Happy Pi Day," adding a festive and clever twist to the challenge. Malayalam optional group was the winner of this competition. The Pi Day Celebration provided a platform for intellectual stimulation and fostered a sense of camaraderie and teamwork among students, reinforcing the importance of mathematics in everyday life.
